Professional Summary

I'm a motivated and detail-oriented Frontend Developer with hands-on internship experience in building responsive and user-friendly web interfaces using React, HTML, CSS, JavaScript, Tailwind CSS, and Bootstrap. I work with modern frontend frameworks, focus on clean UI, performance, and accessibility, and enjoy learning new technologies. I'm eager to contribute to real-world projects and continue improving my development skills.

Skills

Languages: HTML, CSS, JavaScript, Core Java

Frameworks/Libraries: React.js, Bootstrap, Tailwind CSS

Tools: Git, GitHub, VS Code, Canva, AI tools

Other: Responsive Design, Version Control

Professional Experience

Frontend Web Development Intern | Unified Mentors Private Limited -June 2025 to Sep 2025

- Developed complete web applications, including a Student–Teacher Appointment System and an E-Gram Panchayat Portal using HTML, CSS, Bootstrap, JavaScript, and Firebase.
- Implemented key features such as authentication, data management, and responsive UI.
- Improved front-end skills and learned best practices for developing and deploying production-ready applications.

Frontend Developer Intern | PRODESK IT & ENG. SERVIDCES – June 2025 to July 2025

- Built responsive user interfaces using React and Tailwind CSS.
- Applied Git for version control and team collaboration on GitHub.
- Deployed personal portfolio website using Github Pages.

Projects

Student-Teacher Appointment Booking system

GitHub: <https://github.com/LoveSaini100/student-teacher-appointment-booking>

Live link: <https://lovesaini100.github.io/student-teacher-appointment-booking/>

- Built a Student-Teacher Appointment Booking system with secure role-based login for admin, teachers, and students.
- Designed a responsive UI using HTML, CSS, Bootstrap, JavaScript and Firebase for seamless scheduling and management.

Personal Portfolio

GitHub: https://github.com/LoveSaini100/Love_portfolio

Live link: https://lovesaini100.github.io/Love_portfolio/

- Developed and deployed a personal portfolio website using React.js and Vite, showcasing projects, skills, education, achievements, and contact details in a clean and professional layout.
- Built a fully responsive design with dark/light mode support, optimized for both desktop and mobile devices to ensure seamless user experience.
